MODEL 2+2

PREMIUM IS THE STANDARD

TECHNOLOGY TO POWER YOUR GAME

Crafted with the Customer in mind, the FTR Golf Car ushers in a new era of technology and style that captures everyone's attention.

As you settle into the seat, grasp the premium leather steering wheel, and accelerate, you'll be immediately engaged.

FTR Golf Cars are more energy-efficient than traditional carts, allowing you to extend your driving time between charges with a state-of-the-art 370-watt FTR Solar Drive canopy and a sophisticated LiFEPO4 Battery Pack.

Even on sunless days, FTR Cars can be plugged into any 110 outlet, reducing your charging time by one-third compared to standard lead-acid batteries.

Maintenance is minimal, giving you more time for yourself!

We aim to streamline your experience, save you time, and lessen your carbon footprint all at once.

Premium Seating

Premium Two-Tone Leather Seating offers comfort and function while you're cruising the Lot, Course, or Countryside

Power to Run all Day

FTR GOLF Flagship Solar Drive Roof system provides 370 watts back into your game. Our Cars run longer while keeping your carbon footprint down and your course greener than the rest.

Stylish Ride

A wide variety of 14" Rim and Tire Options, design, and Colours. Letting you ride in style and comfort on the course or at the Lake.

Incredible golf cars. Unparalleled service.

We're proud of our golf cars. When you get them on your course, you will be too. More than a comprehensive warranty—although we have that too—FTR Golf Cars come with a promise. When your cars need service, you are our priority. Call us, someone will answer—a real human being dedicated to making your day easier.

We'll send a skilled technician your way.

Not through an outsourced service that doesn't know the product, but through us, from us, for you. Quality control will always be under our control. We're alongside for the ride, ensuring that your cars run smoothly and any downtime feels like no time at all.

We know this product like you know your back nine.

Our advanced component design ensures that the fix is within reach, and the knowledge of our technicians makes it happen fast.
